

GUIDE TO CHOOSING THE RIGHT SAP COURSE (2026)

Identify the right SAP training path for your career — in under 60 seconds

WHY SAP SKILLS STILL MATTER

SAP is not just another software skill.

It is the operational backbone of the world's largest organisations.

From global manufacturers and banks to retail chains, energy companies, and public-sector institutions –

SAP controls how money is made, goods move, and people are paid.

That's why SAP-skilled professionals remain consistently in demand worldwide.

Which SAP Skill Level Fits You?

1 SAP End User Level

Best for: Business users & operational staff

- ✓ Daily SAP transactions
- ✓ Executing standard business processes
- ✓ Using SAP as part of an existing role
- ✓ Ideal if **SAP supports** your current job

2 SAP Super User Level

Best for: Power users & team leads

- ✓ Advanced transaction support
- ✓ Master data management
- ✓ Enforcing business rules & policies
- ✓ Supporting other users internally
- ✓ Ideal if you are the **go-to SAP person** in your team

3 SAP Consultant Level

Best for: Career switchers & SAP professionals

- ✓ Process design & system configuration
- ✓ End-to-end business scenarios
- ✓ Project implementations
- ✓ Certification and consulting roles
- ✓ Ideal if you want to **enter tech, consult, or specialise**
